Adopt-a-Bucket Cost Share Program

Lebanon Business Owner:

By now, hopefully you have heard of the Lebanon – the Cleanest City in Indiana campaign and seen the fruits of its labor. Over the past few years, the committee has launched its City wide efforts against litter. Our goal has been to make the City of Lebanon the cleanest city in Indiana through education, promotion and leadership to raise expectations and encourage participation from community leaders and individuals.

According to Keep America Beautiful, did you know?

- More than 51 billion pieces of litter land on U.S. roads every year.
- Litter decreases property value of 7%.
- Litter typically consists of cigarette butts (38%), paper (22%), plastic (19%) and the remaining a variety of items.

Since cigarette butts continue to plague our streets and sidewalks, the committee leads a program to work with our local business owners called, “Adopt-a-Bucket.” We would like to cost share on a stand up butt bucket, like the one shown in the photograph on the courthouse square. Multiple stand up butt buckets have been placed around the City and have made an immediate impact according to the Lebanon Street Department. Now, the committee would like to see these stand up butt buckets place at new locations throughout the City, including in front of your business!

The committee is able to purchase the stand-up butt buckets at cost using a local partnership and we would like to pass along the savings to you. At this time, the stand-up butt bucket costs \$110.00. To receive a stand up butt bucket as a part of this program, please fill out the attached form and submit either the full \$110.00 or %55.00 as your part of the cost sharing program. The committee meets on a monthly basis and its goal will be to review and approve each request during that time.

If you have any questions or would like to become a part of the Lebanon – the Cleanest City in Indiana committee, please call 765-483-0687. We look forward to making an immediate impact on your business!

Thank you,

Jennifer Lawrence
